

## Hormone Therapies

There are many different treatment options for advanced prostate cancer. Not all treatment options are right for all patients. Talk with your healthcare provider for complete information on advanced prostate cancer and available treatment options.

**As with all treatments, there are possible side effects. Talk to your healthcare team to learn how to minimize and manage side effects.**

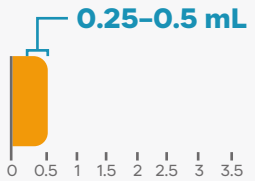

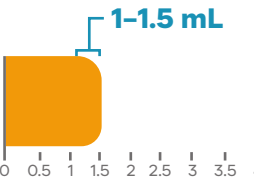

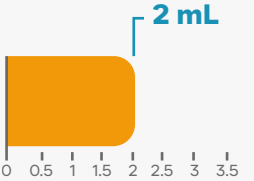

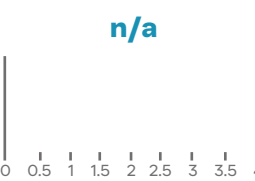

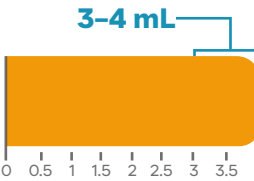

## ANDROGEN DEPRIVATION THERAPY TREATMENT OPTIONS

	LHRH Agonists				LHRH Antagonists	
	PrEligard® (leuprolide acetate)	PrLupron® (leuprolide acetate)	PrTrelstar® (triptorelin)	PrZoladex® (goserelin acetate)	PrFirmagon® (degarelix)	PrOrgovyx® (relugolix)
